DONALD SANDERSON AWARD APPLICATION

The Donald Sanderson Memorial Award for Academic Excellence and Character will be presented each year to a player in the Ontario Hockey Association that meets the criteria as set out by the Sanderson Family.

Donald Sanderson was known for his dedication, discipline, desire and deportment so the winners of the Donald Sanderson Memorial Award should demonstrate the same qualities and characteristics.

Donald incurred a serious head injury in an OHA game on December 12, 2008 and after a courageous battle died on January 2, 2009.

We are all saddened by the incredible loss of this fine young man but we cannot begin to imagine the depth of loss for this family. It is a profound loss. Many times in life I think we are identified by the various activities that we are involved in. Some of us are known as coaches, some managers, some officials and some players, but one of the things that defines us is our character. During his 21 years, 5 months and 19 days, Donald lived a passionate life. He was a player, a team mate, a coach, a teacher, a student, a loyal and caring friend and a young leader with a zest for life.

And it was through his passion for life that he taught all of us that knew him well to LIVE WELL, LOVE WELL AND LAUGH OFTEN.

He was known in the OHA as a young man who was willing to participate in everything but he never asked for anything in return.

CRITERIA

Donald was known for the following personality traits:

- Dedication
- Discipline
- Desire
- Deportment

So it is fitting that the winners of the Donald Sanderson Memorial Award should demonstrate the same qualities and characteristics.
