Why do Hockey Canada and the Member Partners collect demographic information?

The collection of self-identification data is central to equity, diversity, and inclusion efforts. Hockey Canada and the Member Branches are collecting this data to increase our ability to enhance programs, while recognizing and removing barriers. The demographic data being collected through the HCR platform is consistent with how the Government of Canada solicits this information including the options you see of race/ethnicity, language and Indigenous Peoples (all of which provide "Prefer not to say" as an option). There are many factors as to why and how this data is collected: please refer to this Government of Canada website for more information: https://www.ic.gc.ca/eic/site/063.nsf/eng/h_97737.html#1.

The Ontario Government has enacted *Rowan's Law (Concussion Safety)*, 2018, S.O. 2018, c. 1 ("Act"). Ontario Regulation 161/19, the *Act* requires all sport organizations as defined in the Regulation ("Sports Organization"), which includes the Ontario Hockey Federation ("OHF"), to have a Concussion Code of Conduct. A participant is subject to a Concussion Code of Conduct for each Sports Organization a participant registers with.

Applicable age appropriate Concussion Awareness Resources are located at www.ontario.ca/concussions.

The OHF Concussion Code of Conduct and the appropriate Concussion Awareness Resources must be reviewed before you can register/participate in the OHF.
